

We're changing the way we work, to be even better for you and your pets

We are committed to providing you with a quality service, giving your pets love, care and attention. Since we started in 2006, our commitment and dedication to you and your pets has been recognised by the pet industry with our three top national Special Merit Awards from the National Association of Registered Petsitters and our Business Excellence Award from Dacorum.

What makes us different?

What sets Walk the Dog apart from the rest is our passion to deliver an ever-improving quality service that you and your pets deserve, whether this is dog walking, our puppy classes, canine behaviour consultations or pet care while owners are away. Currently, the pet care and canine behaviour industries are not regulated. This means, in essence, anyone can set themselves up as a pet carer, dog walker, or trainer with no formal qualifications, training nor experience. While various organisations including The Kennel Club have called for regulation and law enforcement, it is unlikely that we will see any changes in law some time soon.

Business review

Like other businesses, we have had to undergo a business review so we can continue our ever-improving quality service to you and your pets. This review included a 'Play Date' trial where one handler walked up to three dogs from different households together, matched on temperament and location. This successful trial was conducted for nine months. Our review also flagged up areas that were not working for the business. Unlike other businesses, Walk the Dog has held firm on our pricing structure for four years, despite increases in fuel and every day costs.

Our business review has now been completed. As a result, we will be giving you a greater choice of walking service for you and your pet, which is reflected in our price changes outlined below and includes details of our two dog walking options; Premium 1-1 and Play Dates.

These changes will come into effect from **Monday 1st November 2010**.

Changes to our dog walking service

Our Premium Service	Play dates
<p>We offer clients the opportunity to choose our Premium Service, where your pet can enjoy a luxury 1-1 service walk with our team.</p> <p>If you have a second dog in your household, there is no additional charge for a one hour walk.</p> <p>If you have more then two dogs in your household, then there is an additional charge of £5 for each additional dog per hour (<i>same as before</i>).</p>	<p>If you have a dog that gets on well with others, then take advantage of our new Play Dates service. Your dog will be collected from home, taken to a safe and secure location by our team, where he can enjoy the company of another play mate and a good walk. This provides great mental and physical stimulation for your pet as well as the opportunity to socialise with other dogs.</p> <p>Dogs are matched on temperament and location. Maximum of 3 dogs walked per handler.</p>

Below is a table outlining the price changes which will come into effect from **Monday 1st November 2010**.

Changes to Terms and Conditions

In light of our recent business review and changes to our ways of working, we have revised our terms and conditions. Please refer to the attachment to see our updated T&C's.

Two annual closures per year

In order for us to continue to provide a quality service, the Walk the Dog team needs to re-charge their batteries. Currently we close for just 2 weeks during the month of September. However, we have found that this is not giving the team enough time to rest and recuperate. Therefore, we will be closing twice a year for 2 weeks at a time.

Please see below for the closure dates. We will continue to give clients prior notice of our closure dates as before, in order for clients to make alternative pet care arrangements while we are away.

Closure dates: Saturday 18th September to Sunday 3rd October 2010
Saturday 12th March to Sunday 27th March 2011
Saturday 4th September to Sunday 18th September 2011
